### Comments:

It is a Sunday and no emails or texts have come back in LinkedIn, so updated the book 'The Conservative Libertarian and Republican Party of the United Kingdom' in The Allurement of

Reality as the final version, so I can concentrate on a new theme afresh knowing that the book is disposed off for reference purposes fully in case it is required for legal proceedings in the future, as available in open forum: <https://www.thelibertariandemocrats.com/forum/diary-of-the-author/13-october-2024-08-13-am-uk-time>.

New UK regulations for scam claims

Hi Shantanu,

From the 7 October 2024, we'll be following new rules for Authorised Push Payment (APP) fraud.

Just to recap - APP fraud is when you believe you're making a genuine payment but are tricked into sending money to a criminal.

What it means for you if you fall victim to APP fraud

We'll reimburse your payments up to £85,000, if they're eligible and are made after the 7 October 2024. The rules include most Faster Payments and CHAPS made in the UK.

If your claim is successful, we'll put your money back into your account within 5 working days. If we reimburse you, we may not pay the first £100 per claim. This is called an excess. For example, if you raise a claim for £1,000 then we could reimburse £900.

We'll change your account terms and conditions soon to reflect the changes. You can learn more about the new regulations and whether the rules apply to you [here](#).

Don't worry, we'll look at your payments on a case-by-case basis even if they aren't under the new rules.

To protect yourself from fraud and scams, check out our top tips.

[Learn about fraud and scams](#)

Your security is our priority

So you know that an email is genuinely from us, we'll:

- Address it to you personally.

- Include the last 4 digits of your account or card number, or the last 3 characters of your postcode.

- Never ask you to log on to Online or Mobile Banking through a link.

- Never ask for your personal information, such as passwords or security details.

If you get an email that's suspicious or doesn't follow the rules above then please forward it to [phishing@santander.co.uk](mailto:phishing@santander.co.uk)

Protect yourself against fraud and scams

- Never share a Santander One Time Passcode (OTP) with another person. Not even a Santander employee.

- Never move your money to a new account for security reasons. If you're asked to do this, it will be a scam.

- Never take things at face value. Criminals pretend to be people you trust. Always make sure you really know who you're talking to.

Our Fraud and security page has more information on how you can protect yourself and your money.

Hello Sir

1. You have come to the Leader of the political Party TCLRP-UK and I wish to report the fact that some miscreants have been terrorising me over the past 26 years which I am now documenting in the attached book that will be published: WATCH THIS SPACE-digital.docx.

2. Your email given its lack of information of substance is a terroristic attack on me too and subject to the scrutiny of the District Judge at Medway County Court under the Claim No J00ME572 that is undergoing consideration for the attached chargesheet against Kent Police: Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi vs Kent Police).pdf.

3. Kindly reply to this email to let me know how you wish to defend against this charge or it will be included as item (y) if Kent Police does not bring you in for questioning on your motive for sending me this unsolicited email.

Yours sincerely

Well, there is psychiatry, medical science, psychotherapy, and there is religion. Above all there is God that is inseparable from us humans in the way that we act, on the ideas we form, the beliefs we create, the organisation of States that we live in terms of social engineering: one has to be a lover of Nature and open-minded as well as operating under freethought and rationalism. Well, there is psychiatry, medical science, psychotherapy, and there is religion. Above all there is God that is inseparable from us humans in the way that we act, on the ideas we form, the beliefs we create, the organisation of States that we live in terms of social engineering: one has to be a lover of Nature and opened as well as operating under freethought and rationalism. But there is no single Course of Study that covers it all. Science and Religion are inseparable.
